SUMMARY

My name is Reza Fahlevi, 25 years old, Bachelor of Information Engineering - GPA 3.72 / 4.0 (Pamulang University) and I enjoy creating things that live on the internet. Web & Mobile Developer with over 6 years of experience. Familiar with creating, developing and troubleshooting web & mobile applications, able to work in team or individually.

EXPERIENCE

PT Global Urban Esensial (Dexa Group) – Tangerang Selatan, Indonesia
Mobile Developer (December 2019 – Current)

- Led a team of mobile developers in designing, developing, and deploying a stable mobile application, achieving a crash-free rate of up to 97%. The app garnered 2M+ downloads, maintained 200k monthly active users (MAU), and achieved a high user rating of 4.9 on play store & 4.7 on app store, reflecting exceptional user satisfaction and performance.
- Ensured app security by implementing industry best practices, including encryption and secure authentication protocols, resulting in full compliance with ISO 27001 standards, safeguarding user data and ensuring regulatory adherence.
- Architected scalable mobile solutions using Flutter & React Native optimizing code reusability and reducing development time by 30%.
- Collaborated with cross-functional teams including product managers, designers, and backend developers to align on project goals and timelines.
- Spearheaded the implementation of CI/CD pipelines, automating build and deployment processes for quicker and more efficient releases.
- Integrated third-party APIs and SDKs, ensuring seamless functionality and enhancing app capabilities with minimal impact on performance.
- Implemented analytics tracking (Google Analytics, Firebase) for user behavior insights, leading to data-driven feature enhancements.
- Agent of innovation 2023 (Mums Budget: Analysis and recommendations for childbirth)
- Champion 2 Ideation fest 2024 (Teman Promo: For add revenue from social media)

PT Sigma Cipta Caraka (Telkomsigma) – Jakarta, Indonesia
Front End & Mobile Developer (October 2018 - December 2019)

- Collaborated with project teams to design and implement user-friendly and visually appealing interfaces for both applications and websites. Adapted mock-ups and wireframes to effectively resolve user experience challenges and project-specific requirements.
- Development and maintenance of the M-Bike iOS app and M-Bike CMS Admin system, addressing and resolving bugs, and ensuring the seamless distribution of updates and features to enhance user experience and functionality.
- Developed and maintained key software solutions, including NSAM Tools, Hirest, and Iris, identifying and fixing bugs to improve performance and reliability across diverse platforms.

PT Telkomsel – Jakarta, Indonesia
Web Developer – Internship (Feb 2017 - March 2017)

- Analyze, create, develop, fix bugs, and unit test the Telkomsel ICLIMA (Integrated Compliance Management System) application.
